Guidelines for Health Examination - 2021/2022 Fall Entry
(Applicable for non-local Postgraduate New Students)

1. Requirement

All non-local postgraduate new students must go to the **University Hospital** before in-person registration to complete the health examination and submit the vaccination record. The "Health Examination Report" will indicate whether they are physically fit to pursue study at the University. **The health examination fee (Non-Medical programs: HKD570; Medical programs: HKD680)** is indicated in the debit note for the first installment of tuition fee, which has to be paid together with the tuition fee.

Students must pass the health examination unless they will not formally become the University's students. The University may terminate the admission qualification of those who fail to complete the health examination before the deadline. In this circumstance, all fees paid will not be refunded, transferred, nor retained.

2. Period

Health examination for new students is **during mid and late August**. An appointment for health examination can be scheduled online; please log in to the Online Application System (OAS) to make an appointment.

3. Procedures

New students can print the **"Health Examination Appointment Slip"** and **"Health Examination Report"** after making a successful appointment for health examination from the Online Application System (OAS). New students should bring along the "Health Examination Report", "Health Examination Appointment Slip" and all necessary documents listed in section 6.2 below to complete the health examination at the University Hospital at the scheduled time. Students have to bring along the "Health examination appointment slip" and reschedule personally at the University Hospital if they cannot complete the health examination on time.

The health examination includes a physical exam, chromatic sense, chest x-ray, blood screening, urine routine and vaccination checking, etc. If the health examination result is abnormal, students may need to pay an extra fee for a supplementary check-up.

The original copy of the "Health Examination Report" will be kept in the University Hospital. The result will be sent directly to the School of Graduate Studies by email.

4. Vaccination

According to the administrative regulation of Macau SAR, no. 16/2008 "Vaccination Scheme", students who register in education institutions should present the vaccination booklets or vaccination records issued by the Macau Health Bureau or authorized departments from their permanent residence, to prove the completion of vaccination required by the "Macao SAR Vaccination Scheme".

4.1 Vaccination Requirement

According to the "Macao SAR Vaccination Scheme", full-time students who first registered in all higher education institutions in Macao should fulfill specific vaccination requirements. For details, please refer to the following table.

Vaccination Requirement

Item	Vaccination Requirement	Important Notes
1. Measles Ex: MMR/MMRV	At least two doses	Applicable to students born in 1970 and after, each dose should be injected at least four weeks in between.
2. Rubella Ex: MMR/MMRV	At least one dose	Applicable to students born in 1970 and after.
3. Tetanus toxoid	At least three doses	Each dose should be injected at least four weeks in between. The last dose should be injected within the last ten years.
4. Diphtheria, Pertussis	At least one dose	
5. Hepatitis B vaccine	Three doses	Applicable to students who admitted to the following programs: *Master of Traditional Chinese Medicine* *Doctor of Philosophy in Chinese Medicine* *Doctor of Philosophy in Integrated Chinese and Western Medicine* Students who have negative results for the Hepatitis B surface antibody test should receive Hepatitis B vaccine booster shot.
6. Poliomyelitis	At least four doses	Applicable to students from Pakistan, Nigeria, and Afghanistan. Each dose should be injected at least four weeks in between.

4.2 Submission of vaccination record

All new students should present the above **Vaccination record** to doctors for verification during the health examination. Vaccination records issued by the authorized departments in students' permanent residence will be accepted. If the name of the vaccine record is not the same as the ID card's name, it is necessary to submit a related proof or document.

4.3 Vaccine exemptions under the following conditions

(1) Students with positive antibody results for Serologic tests or the doctor prove that the student had the related vaccine's disease according to his or her medical record.

(2) Medical certificate of contraindications to vaccination

Related students should present the above certifications to the doctor during health examination.

5. Chromatic Sense Checking

Program	Important Notes
➢ Doctor of Philosophy in Science ➢ Master of Science (Information Technology)	➢ If related students have abnormal chromatic sense, they will need to submit a detailed ophthalmic report issued by hospitals in Macau to the School of Graduate Studies. The University will evaluate student's eligibility for admission according to the result of the diagnosis. Students who fail to submit or submit the ophthalmic report after the due date will be disqualified from registration. ➢ Students who need to conduct supplementary examinations must make an appointment with an ophthalmologist and pay for related tests. The examination fee and report expense for chromatic sense at the University Hospital are HKD 60 and HKD 30, respectively; a consultation fee of HKD 220-450 will also be charged. Additional examination (e.g. ocular fundus examination) may be conducted by doctors if necessary, and related costs will be charged accordingly.
➢ Master of Traditional Chinese Medicine / Master of Pharmacology in Traditional Chinese Medicine ➢ Doctor of Philosophy in Chinese Medicine / Doctor of Philosophy in Chinese Medicines ➢ Doctor of Philosophy in Integrated Chinese and Western Medicine ➢ Master of Design ➢ Doctor of Philosophy in Design (Major in Theory and Practice of Art Design) ➢ Master of Fine Arts (Major in Painting Practice and Theory) ➢ Doctor of Philosophy in Fine Arts (Major in Painting Theory and Practice) ➢ Master of Architecture ➢ Doctor of Philosophy in Architecture ➢ Master of Fine Arts in Interactive Media	➢ If related students have abnormal chromatic sense, they cannot enroll in the programs listed on the left. Students in such cases should contact the School of Graduate Studies immediately for further arrangement.

6. Important Notes

6.1 Before the health examination

Rest more and do not eat too much three days before the health examination.	No fasting is required for the health examination.
Wear glasses instead of contact lenses.	Avoid strenuous activity the day before the health examination.
No urine test during menstruation, test should be done no earlier than three days after menstruation.	X-ray is not allowed during pregnancy.
Cooperate with the doctor, truthfully answer the questions and provide medical history without any concealment.	

6.2 On the day of the health examination

Please bring along the following documents to the University Hospital:

✓ Identification documents	✓ The "Health Examination Report" with the first part completed and signed. (The "Health Examination Report" can be downloaded from the Online Application System)
✓ Vaccination Record (Photocopies or photos are not accepted)	✓ "Health Examination Appointment Slip" which can be printed from the Online Applicaiton System (OAS).

6.3 After the health examination

Students can collect a copy of their "Health Examination Report" personally at the University Hospital by presenting identification documents and appointment receipt during November 2021, Monday to Saturday (closed on Sunday and public holidays). The person authorized to collect the report on the student's behalf must present the authorization letter, copies of the identity card of both parties, and appointment receipt. **Reports will no longer be available for collection after the abovementioned period and will be archived by the University Hospital.**
