*\*Please upload the above materials to a cloud drive and provide the cloud drive link in the online application system, along with the password (if applicable).*

## Assessment

After the application deadline, the university will review submitted materials. Applicants who pass the initial screening must attend an elite student interview held at the main campus. Interview details will be notified to applicants one week in advance.

## Admission Principles and Policies

1. Based on the development needs of the university's Art Troupe and University Teams, select some applicants with outstanding talent levels and excellent academic performance to grant them the status of elite students and sign an elite student agreement.
2. Elite students must still meet academic performance criteria; during admission, the university will consider the specialty level and academic performance to grant different levels of admission preferences (priority admission / priority selection of preferred majors / priority scholarship awards).
3. Admitted elite students will be assigned to different faculties/colleges for study based on their academic performance and chosen major preferences. During their studies, they must unconditionally participate in university activities or competitions and comply with the rules of the university's Art Troupe and University Team.
