

FAQs for Health Examination

I. Notes before Health Examination

1. **If local students want to do the health examination at the University Hospital, do they need to make an appointment for it?**

Yes. Please call (853) 8897-2558 or e-mail to uhehmc@uh.org.mo to make appointment with the University Hospital (Executive Health Management Centre) at least 7 working days before the appointment. To make an appointment, please provide the student's name, ID number, and contact phone number. If you need to make changes or cancel the appointment, please call the Executive Health Management Centre at least 1 working day in advance. Please refer to the "One-stop Examination" in the "Guidelines for Health Examination". For more details, please make enquiries with the University Hospital.

2. **If local students want to do the health examination at the Macao Government Health Centers, do they need to make an appointment first?**

Yes. The X-ray and physical examination are arranged at different time. Five to eight weeks may be needed to complete the health check. Therefore, please make appointment as early as possible. Please note that the Macao Government Health Centers only provide regular health check service, with X-ray and urine routine included while the blood screening may be excluded. Please refer to the "Multi-stops Examination" in the "Guidelines for Health Examination". For more details, please make enquiries with the Macao Government Health Centers.

3. **Can local students do both the regular health check and the blood screening at the Macao Government Health Centers?**

Usually, the Macao Government Health Centers only provide regular health check service, with X-ray and urine routine included while the blood screening may be excluded. Please refer to the Macao Government Health Centers for details.

4. **Can local students do the health examination at other local hospitals instead of the University Hospital or the Macao Government Health Centers?**

Yes. Please note that the "Health Examination Report" issued by the University must be completed. For related fees and procedures, please make enquiries with relevant medical institutions.

5. **I have got admitted, when should I do the health examination?**

For local students:

Local students must upload the completed "Health Examination Report" during online registration in Late July. The original report should be submitted to the Registry during in-person registration in Late August. And students should complete the health examination on or after May 1 in the first year of study. Therefore, please make appointment for the health examination correspondingly.

For non-local students:

Non-local students must go to the University Hospital upon their arrival in Macao in late August to complete the required health examination procedures (only students whose online registration has passed

verification would receive the notice of making appointments for health examination. After receiving the notice, students must login to the relevant system and reserve time slot for Health Examination).

6. If I have done the health examination recently at other local/mainland hospitals, can I be exempted from the admission health check?

For local students:

If students have had health examination on or after May 1st in the first year of study at local hospital, they can either ask the local hospital to fill in the “Health Examination Report” issued by the University or provide the original report to the University Hospital for transfer of related data to the “Health Examination Report”, in which case an extra fee has to be paid for the data transfer. If the health report submitted is found to be missing information, overdue or not in conformity with the requirements of the University, students should do the supplementary check-up either at the local hospitals/the Macao Government Health Centers or at the University Hospital where a corresponding supplementary fee will be charged. For fees details, please refer to “Multi-stops Examination” in “Guidelines for Health Examination” or check with the University Hospital at (853) 8897-2558 or e-mail via uhehmc@uh.org.mo.

For non-local students:

No. All non-local new students are required to complete health examination at the University Hospital.

7. If I only do the blood screening at the University Hospital, what fees do I need to pay?

If students simply do the blood screening at the University Hospital, they need to pay the test fee for blood screening. For fees details, please refer to “Multi-stops Examination” in “Guidelines for Health Examination” or check with the University Hospital at (853) 8897-2558 or e-mail via uhehmc@uh.org.mo.

Students who choose to do the blood screening at the University Hospital can collect the health report at the Nurse Station of the Hospital by presenting the ID card and receipt after one week of the blood screening.

8. What does the health examination cost at the University Hospital?

For local students:

Students can enjoy a full range of examination service at a preferential price by presenting the Acceptance Letter issued by the University. This fee already includes the administration fee for completing the health reports, physical examination and examination for chromatic sense, chest x-ray, blood screening and urine routine. For details, please refer to “Guidelines for Health Examination”.

If the examination result is found to be abnormal, students may need to pay an extra fee for supplementary check-up. For fees details, please check with the University Hospital at (853) 8897-2558 or e-mail via uhehmc@uh.org.mo.

For non-local student

The health examination fee is already included in the Debit Note for the Tuition Fee of the First semester and should have been paid together with the tuition fee. Therefore, there is no need to pay the examination fee additionally. This fee already includes the administration fee for completing the health report, physical examination and examination for chromatic sense, chest x-ray, blood screening and urine routine. For details, please refer to “Guidelines for Health Examination”.

If the examination result is found to be abnormal, students may need to pay an extra fee for supplementary check-up. For fees details, please check with the University Hospital at (853) 8897-2558 or e-mail via uhehmc@uh.org.mo.

9. Is there anything I should be aware of before the health examination?

Please refer to “Important Notes” in the “Guidelines for Health Examination” for details.

10. What should I prepare for the health examination?

Please refer to “Important Notes” in the “Guidelines for Health Examination” for details.

II. Vaccination**11. What vaccinations should I have? Why?**

According to the law of Macao Special Administrative Region, students to be registered in higher education institutions in Macao for the first time should present their Vaccination Records to prove that they have vaccinated according to the Macao SAR Vaccination Program. Please refer to the part on “Vaccination Record” in the “Guidelines for Health Examination” for the vaccination requirements.

12. Can non-local student inject the vaccination at the University Hospital?

Non-local students must complete the vaccination according to the “Guidelines for Health Examination” in their hometown before coming to Macao. Students should present the original copy of the valid proof of vaccination* (e.g., vaccine booklet, vaccination certificate) to the University Hospital during the health examination.

* Original copy of household registration or certificate of change of name is required for verification if the name on the vaccine certification does not match the name on the identification document; Any correction of personal information on the vaccine certification should be stamped by the organization which issued the certificate; If the student’s country/province/city has an officially recognized electronic vaccination record, the student can login to the relevant electronic vaccination record system/app at the time of health examination at the University Hospital and provide the record to medical staff for verification. Note: screenshots are not accepted.

13. What documents do I need to submit for proof of vaccination? What should I do if I have lost these documents?**For local students:**

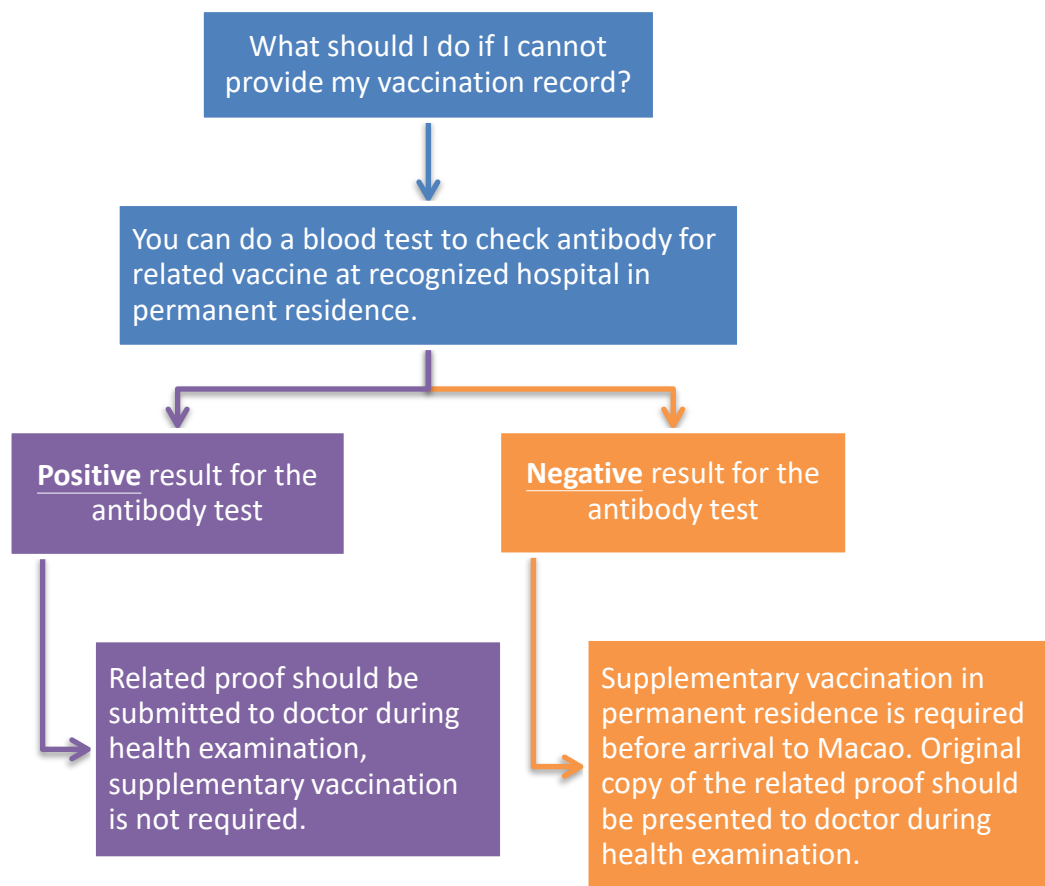

Students should provide vaccination certificate / Individual Vaccination Booklet / Vaccination Card issued by the Macao Health Bureau or hospital.

For non-local students:

Student should present vaccination certificate* issued by the authorized institution / department in permanent residence, stamp must be clearly visible on the certificate.

* Students should present the original copy of the valid proof of vaccination (e.g., vaccine booklet, vaccination certificate) on the day of the health examination.

If you have lost the documents, you can try to apply for vaccination record from the authorized institution / department in permanent residence/medical institutions. If failed, you are recommended to do the blood test for related antibody. Vaccination is required if one of the antibody is missing (Details are shown as the following chart).

14. Under what circumstances can vaccination be exempted?

Please refer to "Vaccination Record" in the "Guidelines for Health Examination" for details.

15. Can vaccination be exempted if I am pregnant?

During early pregnancy, please provide the proof of pregnancy when having the health examination to exempt vaccination temporarily. It is also recommended to get the vaccines after giving birth.

16. Are Measles and Rubella vaccines the same?

No, they are different.

17. I have received the DPT vaccine, does this include pertussis, diphtheria, tetanus vaccine? How many doses does it count?

Yes, each counts one dose. The last dose of tetanus vaccine should be injected within the recent 10 years.

18. I am not a Hepatitis B patient but a Hepatitis B carrier. Am I qualified to admit?

If you are proved to be a Hepatitis B carrier by doctor, please notify the doctor during health examination and let the doctor determine whether follow up is needed. But this will not affect your admission qualification.

III. Notes after Health Examination

19. I am a local students and I have finished the health examination at the University Hospital, when can I collect my Health Examination Report?

Normally students can collect the Health Report at the Nurse Station of Executive Health Management Centre within office hour with personal ID and receipt after one week of the health examination.

The person authorized to collect the report on the student's behalf must present the authorization letter and original copies of personal ID of both parties. Students/authorized persons should check whether all parts of the report have been completed and data filled in the correct fields (e.g. The name/signature/license number/stamp of the doctor). Please request the Hospital to add/amend the data if there is anything incomplete/ incorrect. For details, please refer to the University Hospital at (853) 8897-2558 or e-mail via uhehmc@uh.org.mo.

20. When should I submit the Health Examination Report?

For local students:

Local students must upload the completed "Health Examination Report" during online registration in Late July. The original report should be submitted to the Registry during in-person registration in Late August. For details, please refer to "Guidelines for Health Examination".

For non-local students:

Non-local students must go to the University Hospital upon their arrival in Macao in late August to complete the required health examination Procedures. The Health Examination result will be sent directly to the University by the University Hospital.

21. What situations would make me fail the health examination?

Doctor will diagnose if student pass the health examination or not. For example, students who have infectious or fatal diseases, diseases diagnosed to be unfitted for study, the result of chromatic sense does not meet the requirement of the admitted program, etc.

For those who cannot pass the health examination, please contact Registry at once.

22. The program I am admitted to has chromatic sense requirements, but my chromatic sense checking result is "abnormal", what should I do?

Please refer to "Chromatic Sense Checking" in the "Guidelines for Health Examination" for details.

Enquiries :

For any enquiries, please contact related departments. Please provide **your name, your application number** (2509APXX-XXXXX) of OAS and **admitted program** in all the correspondences.
