ABOUT M.U.S.T.

Founded in 2000, Macau University of Science and Technology (M.U.S.T.) has rapidly developed into the largest multi-disciplinary university in Macao and is ranked among the Top 20 Universities in Greater China. Upholding the motto of "Dedication to Practical Studies, Enhancement of Knowledge, Ability, and Quality", M.U.S.T. adheres to its mission to promote cultural exchange, nurture intellectual growth, foster economic development, and further societal progress. It awards academic degrees at Doctoral, Master, and Bachelor levels. To cater to different interests from different people, it offers tens of programs conducted mainly in English, with some conducted either in Chinese, Portuguese, or Spanish. Currently, more than 16,000 students are enrolled at the university, including over 6,200 master and doctoral students.

¹Statistics based on the number of students in September 2021.

INTERNATIONAL ACCREDITATION AND QUALITY EDUCATION

In 2017, M.U.S.T. took the lead and completed institutional quality audit by the Quality Assurance Agency for Higher Education, U.K. (QAA). The QAA Panel gave positive commendations and affirmations to the university's educational provisions, which demonstrated that the quality assurance systems, mechanisms, and the outcomes for the education at M.U.S.T. had reached international standards.

ACADEMIC RESEARCH AND COMMUNITY COMMITMENT

In recent years, M.U.S.T. has made weighty publications in many fields. A sizable amount of papers has been published in world-renowned journals, such as Nature Medicine, Nature Astronomy, Nature Communications, with professors of M.U.S.T. as first author, joint first author, and corresponding author. By the end of the year past, M.U.S.T.'s State Key Laboratory of Quality Research in Chinese Medicine has totaled 23 publications on the anti-pandemic study of traditional Chinese medicine, taking up 41.8 percent of the publications worldwide. Twelve journal articles are with a factor of influence above 5.0, underlining the quality of the publications and the contribution to the global anti-pandemic efforts.

SMART CAMPUS AND COMPREHENSIVE SUPPORT

M.U.S.T. places high value on technologies that improve the quality and efficiency of services on campus, with not only high-speed WIFI, but also an intelligent APP, WeMust, providing a variety of conveniences: signing in at the class, borrowing books at the library, placing lunch orders from the dormitory, and paying at the cafeteria. Moreover, students can also submit applications and fees, participating in activities, and making inquiries outside the campus with this ubiquitous, 24 hours' intelligent campus supports.

For ten consecutive years since 2011, M.U.S.T. has ranked among the Top 100 universities in the "Ranking of Top Universities in Greater China" released by Shanghai Ranking, and ranked 17th in 2020. M.U.S.T. also ranked among the top 300 universities in the "World University Rankings". It placed 32nd at the "Asia University Rankings" for three consecutive years in 2020, 2021, and 2022 by Times Higher Education (THE), and ranked 38th and 32nd in the "World Young University Rankings" (THE) in 2020 and 2021 respectively, both the highest rank in Macao.

TALENTS ASSEMBLY AND PEER ADVANCE

A faculty with multinational background secures the development of quality education and exemplary research. M.U.S.T. has hundreds of chair professors, distinguished professors, associate professors, and assistant professors. Most of the academic and research staff have worked or studied in world-renowned institutions. These specialists include academics from the Chinese Academy of Sciences, Chinese Academy of Engineering, Academia Sinica in Taiwan, United States National Academy of Sciences.

Some of them are Highly Cited scholars and other top scholars.

In the years past, M.U.S.T. has been gaining in academic reputation worldwide. The enrollment keeps setting new records in numbers and quantities, with postgraduate applicants coming from top universities. With the infuse of more and more aspiring talents, the source of the postgraduate students keeps getting optimized.

General Admission Requirements

- ✓ Applicants for master's degree programs must have attained a bachelor's degree.
- ✓ Applicants for doctoral programs must have attained a master's degree.

Remarks:

1. The normative study period of master's programs is 2 years (The normative study period of master's programs of Faculty of Chinese Medicine is 2.5 years); the maximum study period of master's programs is 3 years.
2. The normative study period of Doctoral programs is 3 years and the maximum study period is 6 years.

Examination period	Will be announced in batches			
Admission results	Will be announced in batches			

Application Procedures

Online Application System

https://oas.must.edu.mo/admission/index_SGS_en.htm

Before Applying

1 Find your program

We offer a wide range of postgraduate programs. Applicants can find more information about their prospective programs on the university's website.

2 Contact intended supervisor(s)

The following programs' applicants must contact the intended supervisor before applying.

Doctoral degree programs: Communication, Management in Film Industry, Design, Fine Arts, Architecture, Science, Advanced Networking, Artificial Intelligence, Chinese Medicine, Chinese Medicines, Integrated Traditional Chinese and Western Medicine, Pharmacy, Earth and Planetary Sciences, Intelligent Science and Systems.

Master's degree programs: Traditional Chinese Medicine, Pharmacology in Traditional Chinese Medicine, Integrated Traditional Chinese and Western Clinical Medicine.

3 Prepare your application documents

Check that you have the required application documents (e.g., ID copy, transcripts, research proposal, etc.) in PDF format (≤2MB) ready to upload.

4 Submit an online application

Applications should be submitted before 6 p.m. (GMT+8) on the date of the deadline.

5 Settle the application fee

You can pay the application fee via the Online Application System.

Application fee waiver: Qualified applicants of priority admission or recommended for admission.

Application fee of regular admission: Local residents: MOP500, Non-local residents: HKD500

After Applying- check the status of your application:

1 Initial assessment

The School of Graduate Studies will be assessing all of the required application documents. For applicants who don't pass the initial assessment, the re-assessment can be submitted only once during the prescribed time given in the OAS.

Applicants who don't pass the initial assessment or re-assessment will not be transferred to the next process – Selection. In this case, applicants are not eligible for the admission examination.

2 Selection

Applicants who pass the initial assessment or re-assessment, their applications will be transferred to the Faculties or Institutes for selection, respectively.

For applicants who have been selected, the arrangement of admission examination will be announced on the OAS at the same time.

3 Admission examination

Each applicant's examination arrangement is different. Related arrangement will be announced through the OAS.

4 Acceptance

The acceptance results will be announced in batches on the OAS with the principle of merit.

5 Admission confirmation and tuition fees settlement

Accepted applicants will be given 3-5 work-day to settle the tuition fees and related expenses. Please download the Debit Note from the OAS, make the payment on time, and upload the payment proof to the OAS.

6 Online registration and In-person registration

New postgraduate students will receive notification registrations in July 2022. Please pay attention to the university's latest announcement.
