ABOUT M.U.S.T.

Founded in 2000, Macau University of Science and Technology (M.U.S.T.) has rapidly developed into the largest multi-disciplinary university in Macao and is ranked among the Top 20 Universities in Greater China. Upholding the motto of "Dedication to Practical Studies, Enhancement of Knowledge, Ability, and Quality", M.U.S.T. adheres to its mission to promote cultural exchange, nurture intellectual growth, foster economic development, and further societal progress. M.U.S.T. awards academic degrees at Doctoral, Master, and Bachelor levels. To cater to different interests from different people, M.U.S.T. offers tens of programs conducted mainly in English, with some conducted either in Chinese, Portuguese, or Spanish. The University is young and with great potential to make great progress in all areas. As a leading institution of research, teaching, and technology innovation, it has made a significant contribution to society.

ACADEMIC RESEARCH AND COMMUNITY COMMITMENT

In recent years, M.U.S.T. has made weighty publications in many fields. A sizable amount of papers has been published in world-renowned journals, such as *Nature Medicine*, *Nature Astronomy*, and *Nature Communications*. After years of efforts, the university now has three national-level research platforms: The State Key Laboratory of Quality Research in Chinese Medicine, State Key Laboratory of Lunar and Planetary Sciences, and National Observation and Research Station of Coastal Ecological Environments in Macao (NSM). Furthermore, several major research institutes and research centers have been established. These laboratories and institutes also contribute to Macao's development and moderate economic diversification by providing opportunities and platforms for nurturing outstanding research talent.

INTERNATIONAL ACCREDITATION AND QUALITY EDUCATION

In 2017, M.U.S.T. took the lead and completed institutional quality audit by the Quality Assurance Agency for Higher Education, U.K. (QAA). The QAA Panel gave positive commendations and affirmations to the university's educational provisions, which demonstrated that the quality assurance systems, mechanisms, and the outcomes for the education at M.U.S.T. had reached international standards. In 2021, many programs passed the review and evaluation of the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ), a third-party professional organization.

Global Ranking of Academic Subjects 2022 Shanghai Ranking

Automation and Control	Telecommunication Engineering	Earth Sciences
Computer Science and Engineering	Electrical and Electronic Engineering	Biological Sciences
Pharmacy and Pharmaceutical Sciences	Tourism Management	Human Biological Sciences

SMART CAMPUS AND COMPREHENSIVE SUPPORT

M.U.S.T. places high value on technologies that improve the quality and efficiency of services on campus, with not only high-speed WIFI, but also an intelligent APP, *WeMust*, providing a variety of conveniences: signing in at the class, borrowing books at the library, placing lunch orders from the dormitory, and paying at the cafeteria. Moreover, students can also submit applications and fees, participating in activities, and making inquiries outside the campus with this ubiquitous, 24 hours' intelligent campus supports.

TALENTS ASSEMBLY AND PEER ADVANCE

A faculty with multinational background secures the development of quality education and exemplary research. These specialists include academics from the Chinese Academy of Sciences, Chinese Academy of Engineering, Academia Sinica in Taiwan, United States National Academy of Sciences. Some of them are Highly Cited scholars and other top scholars.

In the years past, M.U.S.T. has been gaining in academic reputation worldwide. The enrollment keeps setting new records in numbers and quantities, with postgraduate applicants coming from top universities. With the infuse of more and more aspiring talents, the source of the postgraduate students keeps getting optimized.

General Admission Requirements

- ✓ Applicants for master's degree programs must have attained a bachelor's degree.
- ✓ Applicants for doctoral programs must have attained a master's degree.

Remarks:

1. The normal study period of master's programs is 2 years (The normal study period of master's programs of Faculty of Chinese Medicine is 2.5 years); the maximum study period of master's programs is 3 years.
2. The normal study period of doctoral programs is 3 years and the maximum study period is 6 years.
3. Applicants who fail to submit the required documents during the application/registration period, or submit false or forged documents, will be disqualified from application/admission.

How to Apply

Priority Admission: Approved by the China Ministry of Education, outstanding fresh graduates who have received the qualification for postgraduate exemption from the Mainland can enroll in our master's program through the Priority Admission. We also accept a small amount of outstanding undergraduate students to pursue doctoral programs directly.

Recommended for Admission: To encourage outstanding fresh graduates from M.U.S.T. and collaborative universities, we have specially formulated the *Method of Recommended for Admission*. As long as the applicant has the relevant qualifications, he or she may apply for Recommended for Admission. Written test and application fees can be waived for eligible applicants.

Regular Admission: Applicants who are not applying through priority admission or recommended for admission.

For details, please visit our website: [Admission > Postgraduate Programs > Application & Admissions > Admissions](#).

Important Dates

	Priority Admission	Recommended for Admission	Regular Admission
Application period	06/09/2022 28/10/2022	06/09/2022 28/10/2022	06/09/2022 12/01/2023
Examination period	Upon completion of the application process, the University will announce the selection results and examination arrangements in batches		
Acceptance Results	Acceptance results will be released through the online application system in batches until the quota is filled		

Application Procedures

Online Application System

https://oas.must.edu.mo/admission/index_SGS_en.htm

Before Applying

1 Find your program

We offer a wide range of postgraduate programs. Applicants can find more information about their prospective programs on the university's website: Master's degree programs or Doctoral Degree Programs.

2 Contact intended supervisor(s)

The following programs' applicants must contact the intended supervisor before applying.

Doctoral degree programs: Communication, Management in Film Industry, Design, Fine Arts, Architecture, Science, Advanced Networking, Artificial Intelligence, Chinese Medicine, Chinese Medicines, Integrated Traditional Chinese and Western Clinical Medicine, Pharmacy, Earth and Planetary Sciences, Intelligent Science and Systems.

Master's degree programs: Traditional Chinese Medicine, Pharmacology in Traditional Chinese Medicine, Integrated Traditional Chinese and Western Clinical Medicine.

3 Prepare your application documents

Check that you have the required application documents (e.g., ID copy, transcripts, research proposal, etc.) ready to upload.

4 Submit an online application

Applications should be submitted before 6 p.m. (GMT+8) on the date of the deadline.

5 Settle the application fee

Application fee can be paid via the Online Application System(OAS). Application fee of regular admission: Local residents: MOP600, Non-local residents: HKD600.

Application fee waiver: Qualified applicants of priority admission or recommended for admission.

After Applying

1 Initial assessment

School of Graduate Studies will be assessing all of the required application documents. For applicants who don't pass the initial assessment, the re-assessment can be re-submitted. Applicants who don't pass the initial assessment or re-assessment will not be transferred to the next process.

2 Selection

Applicants who pass the initial assessment or re-assessment, their applications will be transferred to the Faculties or Institutes for selection, respectively.

3 Admission examination

Selected applicants will be notified if they need to take the entrance examination or not. All arrangements will be announced on the OAS.

4 Acceptance

The University will select the best applicants in batches until the quota is filled. The acceptance results will be announced on the OAS.

5 Admission confirmation and tuition fees settlement

Accepted applicants please download the Debit Note from the OAS, make the payment on time, and upload the payment proof to the OAS.

*Remark: The fees are subjected to the latest announcement of the University.
