FREE Vaccination of Seasonal Influenza 2022-2023

Dear students,

To prevent outbreak of Influenza and to protect our health, Health Bureau of Government of Macao S.A.R. is going to offer free vaccination of Seasonal Influenza 2022-2023 to students of local higher education institutions (including local and non-local students).

You may get vaccinated at Health Centres or Health Stations by presenting your identity document, student card and patient card (commonly known as gold card) issued by Health Bureau of Government of Macao S.A.R. If you do not have the patient card, please apply it at Health Centres in your area by presenting legible proof of address first. As the pandemic situation of COVID-19 is still unstable, you are recommended to vaccinate against COVID-19 first, followed by Seasonal Influenza. Please note that vaccine of COVID-19 and vaccine of Seasonal Influenza should be taken at least 14 days apart.

Thank you for your kind attention.

Notes:

1. For more details about Seasonal Influenza Vaccination Programme 2022-2023 - Opening hours and locations for vaccination, please scan the QR code.
2. Residential students on campus could apply for a "Residence Certificate" at their respective accommodation counters or the counters of the Student Affairs Office (Room J108) during office hours; non-resident students can bring Legible proof of address, either in Chinese or in Portuguese (e.g. water bill, electricity bill, etc.)
3. On-campus Residential students could apply for patient card at Nossa Senhora do Carmo - Lago Health Centre (Address: Estrada Coronel Nicolau de Mesquita, Edifício do Lago, 1.º andar, Área A, Taipa, Tel : 2850 0400) or Ocean Gardens Health Centre (Address: Avenida dos Jardins do Oceano, Taipa, Tel : 2881 3089)
