## LEED Green Associate

### 課程簡介 Course Introduction

- ✧ LEED stands for Leadership in Energy and Environmental Design and was developed by the U.S. Green Building Council (USGBC) to set a benchmark for design, construction, and operation of high-performance green buildings.
- ✧ The LEED Green Associate credential is the entry-level starting point for professionals looking to achieve their LEED Accreditation. Everblue's LEED Green Associate exam preparation course prepares individuals in the practice of green building, through the cultivation of knowledge in designated areas including Sustainable Sites, Water Efficiency, Energy & Atmosphere, Materials & Resources, Indoor Environmental Quality, and Innovation in Design. Students will learn how to explain core concepts associated with building a LEED building and understand how green building differs from traditional building.
- ✧ Aim to achieve high performance in key areas of human and environmental health: sustainable site development, water savings, energy efficiency, materials selection, and indoor environmental quality.
- ✧ This course includes Everblue's student workbook, practice exam questions, credit memorization study sheets.
